

The Center for Gifted 2017 Fall & Winter Break Programs

Online application is available at www.centerforgifted.org, where you also will find links to all program flyers and descriptions. There are no application deadlines. Enrollment remains open for each program until it begins or until the program is full; some programs have limited enrollment.

Our fall and winter-break programs do not require teacher recommendations. Age-appropriate students are accepted upon application as space allows. Students who enjoy and benefit from our programs are generally bright, motivated, and eager to be challenged and inspired. They welcome the opportunities we offer—to explore diverse subjects in a challenging, creative environment, and projects and activities that evoke active, hands-on participation. If you are uncertain about whether our programs are a right fit for your child, see our website or contact us for helpful info and a list of typical characteristics of eligible students.

Full tuition and lab fees (if any) must accompany application. Tuition and fees are fully refundable for withdrawals requested before the program begins. Financial assistance is not available for our fall and winter-break programs.
