

The Center for Gifted ~ Midwest Torrance Center for Creativity presents...

STEM with SteAm

Engineering "Egg"-Stravaganza!

Grades 1-3

Can your engineering expertise and rapid prototyping skills outwit the laws of physics? Challenge your imagination and design skills to solve a technical problem using common household items! Build and test your creation.... Will you be the sole survivor?

MOTO-PETS AND VIBROBOTS

Grades 4-6

Design and engineer your own battery-powered motorized pets. Create vibrobots, bristlebots, and arbots in this creative class. Let your ingenuity take shape!

Saturday November 11

1:30 - 4:00

Tuition: \$45 + \$10 lab fee for Moto-Pets and Vibrobots

Location:

Prairie Elementary School

500 S. Charles Ave.

Naperville

Enroll online at www.centerforgifted.org
