

Eligibility Requirements

Bright, motivated students in pre-kindergarten thru 10th grades in any educational setting—whether public, private, parochial, or home school—may apply. They must be 4 years old by June 1, 2017.

New students, who never have attended a CFG program, must be recommended by teachers. Please use the form below. It may be submitted with application or mailed, faxed or emailed separately. Testing is not *required*; but if the applicant has had standardized testing, please include the results.

Returning students do not require teacher recommendations. They are eligible upon our timely receipt of their applications.

Applicants need not have qualified for advanced programming at their schools; test scores are not our sole criterion. Although our students generally rank above the 94th percentiles in some areas, we recognize and discern the great variety of talents and abilities children express. (The list at right may be used as a general reference.) If uncertain about their child’s eligibility, parents are welcome to request a conversation or meeting with the Director, Joan Franklin Smutny, anytime.

An ideal candidate, one who will enjoy and do well in Center for Gifted programs, typically evidences many of the following talents and characteristics in pre-primary, primary, and elementary years:
