

The Center for Gifted ~ Midwest Torrance Center for Creativity presents...

# Winter Break STEAM!

For students in grades 1-8

# in Bensenville

## STEAM Extravaganza!

Grades 1-8

Code, design, build -- the choice is yours!

Explore Lego Mindstorms, Lego WeDo, and other tech options. Construct, build, design, hammer, sew, or paint in our Creation Lab with an abundance of tools and supplies. A wonderful opportunity to unwind through the joy of experimenting, learning, and creating in a supportive, pressure-free environment.

Are you interested in presenting at the Students Involved with Technology (SIT) Conference on February 10? Students in grades 3-8 may choose to work with instructors to design a project and prepare a presentation for the SIT Conference.

## One Yard Wonders

Grades 3-8

Learn to make drawstring bags, pillowcases, tank tops, and more. Whether you can come once, twice, or all four times, we'll provide projects for everyone. Choose from our vast array of fabrics or bring a yard of cotton or woven fabric, and we'll create something awesome each session. **(AM only)**

**Enroll online at [www.centerforgifted.org](http://www.centerforgifted.org)**
