

# BUILD YOUR OWN COMPUTER!

(to take home!)

**SATURDAY NOVEMBER 30, 2019**

Join us for a rousing adventure in computer technology!

Come ready for a challenge, and leave with the computer you will have built from scratch. You will not be working from a kit. You will take home a genuine, bona fide, Windows based quad core computer. Guided by a computer expert, work through the process at your own pace, from understanding and placing the parts, to installing the operating system. Your instructor will equip you with high-quality, privately purchased, versatile parts which you will be able to upgrade or change out on your own, anytime. (Monitor is NOT included).

**Age requirements and conditions for 2nd graders through adults:** Students entering 2nd-6th grades in the fall require at least one parent or grandparent to enroll and work with them. Students entering 7th-12th grades and beyond, through adulthood, may enroll on their own. Multiple (up to 3) family members may enroll and work together for a single tuition and fee.

**Location:**  
The Center for Gifted - Elmhurst Branch  
533 North Avenue, Elmhurst

**Hours: 12:00-5:00 p.m.**  
**Tuition: \$160**  
**System and parts fee: \$530**

*\* Enrollment Deadline: Midnight on Tuesday Nov. 26 \**

**Enroll online at [www.centerforgifted.org](http://www.centerforgifted.org)**

**Eligibility, Payments, Refunds:** Proof of eligibility is not required for our one-day programs. Tuition and fees are due in full with application, along with a \$4.20 processing fee. Tuition is fully refunded for withdrawals requested before the class begins. The parts fee of \$530 is refundable only until the Monday before the class. Parents of students who withdraw after that time may pick up their parts at the program site during the week following class; they also will need to purchase the operating system separately, since it will not have been downloaded during class.

**Contact, Support:** Feel free to email the instructor, Robin Kiamco, with any technical questions before or after the class, at [robin.kiamco@gmail.com](mailto:robin.kiamco@gmail.com). Please contact The Center for Gifted with all other questions at 847-901-0173 or [info@centerforgifted.org](mailto:info@centerforgifted.org)

## Igniting Imaginations Since 1983!
